Clearing house (finance)

A clearing house is a financial institution formed to facilitate the exchange (i.e., clearance) of payments, securities, or derivatives transactions. The clearing house stands between two clearing firms (also known as member firms or participants). Its purpose is to reduce the risk of a member firm failing to honor its trade settlement obligations.

Clearinghaus – Wikipedia

Allgemeines. Der Wortbestandteil „Clearing“ ist das Gerundium für „säubern, klären“ (englisch to clear). Das Kompositum „Clearinghaus“ tauchte erstmals im Zusammenhang mit den Londoner Clearinghäusern (englisch clearing houses) auf. Hierbei handelte es sich um Banken, die durch Abrechnungssysteme nur die überschießenden Salden aus eingelösten Schecks und Wechseln regulierten.

Clearing House Definition

Clearing House: A clearing house is an intermediary between buyers and sellers of financial instruments.

Further, it is an agency or separate corporation of a futures exchange responsible for ...

4. Sources and Types of Risk to an Exchange Clearing House

4.1 Overview. By substituting itself as the counterparty to trades, the clearing house assumes a variety of risks that must be managed. The clearing house typically assumes no market risk because, as central counterparty, for every long position it holds there is a corresponding short position, and vice versa.

Clearing House

It has a long history of excellence in training people to become effective Clinical Psychologists. Trainees benefit from having access to some of the best clinical and academic resources in the country via the University of Oxford, Oxford Health NHS Foundation Trust and other agencies and Trusts providing health and social care. All trainees ...

Clearing (finance)

In banking and finance, clearing denotes all activities from the time a commitment is made for a transaction until it is settled. This process turns the promise of payment (for example, in the form of a cheque or electronic payment request) into the actual movement of money from one account to another. Clearing houses were formed to facilitate such transactions among banks.

Three biggest U.S. clearing houses pass liquidity stress ...

The three largest U.S. clearing houses have all passed stress tests assessing whether they could handle a major market shock, the country's derivatives regulator said on Monday.
