Part of a series on: Feminism; Movement for gender equality. Women • Girls • Motherhood • Femininity

## Women's history

Women's history is the study of the role that women have played in history and the methods required to do so. It includes the study of the history of the growth of woman's rights throughout recorded history, personal achievement over a period of time, the examination of individual and groups of women of historical significance, and the effect ...

## Introduction: Gender and Politics: A Gendered World, a ...

This article discusses the gendered nature of politics (as practice) and political science (as an academic discipline). It studies the sex-typing characteristic of most institutions in the modern world and describes how gender shapes the ways people organize, think, and know about the world.
