Knocking on Heaven's Door: How Physics and Scientific Thinking Illuminate the Universe and the Modern World (English) Taschenbuch – 2. Oktober 2012

Knocking on Heaven's Door: How Physics and Scientific ...

That Knocking on Heaven's Door could be written in our time without being classified as metaphysics is a tribute to the extraordinary progress that science has made in the recent centuries. Says Randall, "Although there is much we don't yet know about the evolution of the Universe, we have a spectacularly successful understanding of its evolution based on the . . .
