After 30 years of study in metaphysics / spirituality, I can attest without hesitation, The Black Madonna: Mysterious Soul Companion is a delightful read, well researched and wonderfully written.

## **The Black Madonna: Mysterious Soul Companion**

As I continued on to travel through the pages, I could sense a desire to bring healing and The Kingdom of God to earth. I felt that this unearthing of the meanings and history of the Black Madonna led to more of a reason to love God, others, and the earth which we live on.
