The War Ship: Rise of the Jain, Book Two (Kindle Edition) by Neal Asher This is the point at which magic becomes indistinguishable from technology. And you just *thought* his past book, The Soldier, was incredible! Here the author turns the page from the end of that book, and into this one. No quarter is asked for nor drawn, sink or swim, you ...

The Warship: Rise of the Jain, Book Two by Neal Asher

This second book in the Rise of the Jain trilogy starts where the previous one ended, and adds more background and lore to the Polity Universe and one of its most infamous Elder Races, the Jain. We've only seen the Jain so far thru the lenses of the technology they left around which is basically a world-devourer trap. Now, we get to understand a bit better why that technology got there.
