How Trauma is Changing Children's Brains

Trauma-sensitive teachers often offer a “comfort zone” to their students, a safe space where kids can retreat and calm down. Sometimes it's as simple as a beanbag chair.

Resource Guide to Trauma

This Resource Guide to Trauma-Informed Human Services provides human services leaders at the local, State, Tribal, and Territorial levels with information and resources on recent advances in our understanding of trauma, toxic stress, and executive functioning.

Trauma, Terror and Treatment

TRAUMA, TERROR & TREATMENT. PTSD in Children and Adults. Treatment for post-traumatic stress disorder, including assessment, sandplay, play therapy, and verbal therapy techniques, psychopharmacology, and strategies for therapist self-care

NCCP | Trauma Faced by Children of Military Families

After nearly a decade of war, a growing area of research shows the negative impact on children, youth and families of U.S. military personnel. Without appropriate mental health support systems, these children and youth may be at a significant disadvantage compared with their peers in non-military families.

Psychological trauma

Psychological trauma is a type of damage to the mind that occurs as a result of a distressing event. Trauma is often the result of an overwhelming amount of stress that exceeds one's ability to cope, or integrate the emotions involved with that experience. Trauma may result from a single distressing experience or recurring events of being ...

National Trauma Awareness Month 2019

Injury and violence prevention have been a core value of the American Trauma Society (ATS) since we were founded in 1968. As an integral part of our mission, the ATS continues to be a national leader in preventing death and disability from traumatic injuries.

Trauma Support * Trauma Information Pages

Trauma Support. Many of you may know someone who has experienced a traumatic event, or perhaps are yourselves victims of trauma or a disaster. The support links on this page are primarily for those seeking information about types of trauma, trauma responses, ways of coping with stress, treatment approaches, and related mental health issues.
